Just exercise just what we come up with the money for below as with ease as review **Focus The Hidden Driver Of Excellence Daniel Goleman** what you subsequent to to read!

The Meditative Mind Jun 14 2021 From the New York Times Bestselling author, a classic interpretation of all varieties of meditation. "Goleman's

wide-ranging meditative experience imbues the volume with an authority and authenticity . . . and continues to make his writings some of the liveliest available on meditation.”—Publisher’s Weekly The Meditative Mind is an essential traveler’s guide to the topography of the spirit for every spiritual seeker. For the beginning meditator, the book provides a comprehensive, accessible overview of the different kinds of meditation, from Hindu, Buddhist, Sufi, Jewish, and Christian to Transcendental, Tantric, Kundalini, Tibeta Buddhist, Zen, and those developed by Gurdjeff and Krishnamurti, and introduces the reader to the basic elements of their practice. For the experienced meditator, Goleman explores the distinct levels of consciousness developed as a result of long-term application.

Strategy Making in a Crisis Nov 07 2020 Michael Gibbert presents a thoughtful theoretical framework allowing readers to critically think about imaginations related to strategy making. His research is based on a highly complex case and diversified context allowing us to understand the use of different theories in an integrated way. Gilbert Probst, World Economic Forum, Geneva, Switzerland Putting imagination center stage in strategy making is a long overdue perspective, one that can renew the field. Michael Gibbert makes an important contribution through this integrative framing. Yves Doz, INSEAD, France If you can’t imagine the future of your company, how are you supposed to shape it? This book helps appreciate and execute imaginative strategy making. Martin Hoegl, WHU Otto Beisheim Graduate School of Management, Germany Which strategy making approach works best in a crisis? In current literature, the recommendations oscillate between prediction, control, and practice, but this unique book focuses specifically on strategy making in a crisis. In a crisis, the business landscape is neither stable nor predictable, resources are scarce rather than abundant, customers disappear and shareholders revolt, all of which can make prediction and control very difficult. Drawing on evidence from philosophy, and on a multi-year case study of a major multinational, Michael Gibbert points to three different kinds of imaginations and proposes a three-step model for imaginative strategy making. Introducing new topics on this subject, *Strategy Making in a Crisis* will strongly appeal to top-level managers, including corporate development departments, and business-unit level strategy. Postgraduate students will also receive ideas for their own theses, not only from the content, but also from the approach which is deductive and integrates management theories using social science literature and methodology.

Omringd door psychopaten Aug 05 2020 Kleur bekennen met deze bestseller van Thomas Erikson. Met behulp van het kleurenschema herken je de 'psychopaat' in jouw omgeving. Je kent deze persoon vast: opwindend en ongelooflijk charismatisch, charmant en altijd behulpzaam. Je gelooft elk compliment dat je krijgt, omdat het je zo’n goed gevoel geeft. Maar wat te mooi lijkt om waar te zijn, is het waarschijnlijk ook... Aan de hand van hetzelfde vierkleurensysteem dat *Omringd door idioten* een internationale bestseller maakte, laat Thomas Erikson zien hoe jouw zwaktes en karaktereigenschappen uitgebaat worden door anderen – en hoe je dit kunt stoppen. Door middel van levendige voorbeelden van de meest voorkomende vormen van manipulatie geeft hij praktische tips en technieken die je helpen controlerende mensen te confronteren en een ongezonde relatie om te zetten in een wederzijds respectvolle. Dit openbarende en informatieve boek leert je leugens en verborgen agenda’s te ontdekken. Het biedt je alle tools die je nodig hebt om met psychopaten om te gaan. ‘Geschikt voor iedereen, omdat de kans dat je een psychopaat of manipulator tegenkomt onvermijdelijk is.’ NBD Bibliotheek

HBR's 10 Must Reads on Managing Yourself (with bonus article "How Will You Measure Your Life?" by Clayton M. Christensen) Feb 08 2021 The path to your professional success starts with a critical look in the mirror. If you read nothing else on managing yourself, read these 10 articles (plus the bonus article “How Will You Measure Your Life?” by Clayton M. Christensen). We've combed through hundreds of Harvard Business

Review articles to select the most important ones to help you maximize yourself. HBR's 10 Must Reads on Managing Yourself will inspire you to: Stay engaged throughout your 50+-year work life Tap into your deepest values Solicit candid feedback Replenish physical and mental energy Balance work, home, community, and self Spread positive energy throughout your organization Rebound from tough times Decrease distractibility and frenzy Delegate and develop employees' initiative This collection of best-selling articles includes: bonus article "How Will You Measure Your Life?" by Clayton M. Christensen, "Managing Oneself," "Management Time: Who's Got the Monkey?" "How Resilience Works," "Manage Your Energy, Not Your Time," "Overloaded Circuits: Why Smart People Underperform," "Be a Better Leader, Have a Richer Life," "Reclaim Your Job," "Moments of Greatness: Entering the Fundamental State of Leadership," "What to Ask the Person in the Mirror," and "Primal Leadership: The Hidden Driver of Great Performance."

Als adem lucht wordt Jul 28 2022 Op zesendertigjarige leeftijd wordt de briljante en ambitieuze neurochirurg Paul Kalanithi gediagnosticeerd met stadium IV longkanker. Van de ene op de andere dag verandert hij van een arts die levens redt in een patiënt die moet vechten voor zijn eigen leven. De laatste 22 maanden van zijn leven besluit hij zijn grote ambitie waar te maken: een meesterlijk boek schrijven over zijn bijzondere levensloop. Wat maakt het leven nog de moeite waard als je de dood in de ogen kijkt? Wat doe je als al je dromen over een toekomst plaats moeten maken voor een miserabel noodlot? Wat betekent het om een kind te krijgen en nieuw leven op aarde te zetten terwijl je eigen leven langzaam wegebt? Paul Kalanithi stierf in maart 2015, terwijl hij de laatste hand legde aan zijn memoires. Zijn wijze observaties en rijke inzichten in het leven zijn hartverscheurend. Als adem vervliegt is een onvergetelijk boek over een naderend einde en de relatie tussen arts en patiënt van een begenadigd schrijver, die helaas beide rollen moest vervullen.

Focus Oct 31 2022 For more than two decades, psychologist and journalist Daniel Goleman has been scouting the leading edge of the human sciences for what's new, surprising, and important. In Focus, he delves into the science of attention in all its varieties, presenting a long overdue discussion of this little-noticed and under-rated mental asset that matters enormously for how we navigate life. Goleman boils down attention research into a three parts: inner, other, and outer focus. Goleman shows why high-achievers need all three kinds of focus, as demonstrated by rich case studies from fields as diverse as competitive sports, education, the arts, and business. Those who excel rely on what Goleman calls Smart Practices such as mindfulness meditation, focused preparation and recovery, positive emotions and connections, and mental 'prosthetics' that help them improve habits, add new skills, and sustain excellence. Combining cutting-edge research with practical findings, Focus reveals what distinguishes experts from amateurs and stars from average performers.

What Makes a Leader Oct 19 2021 This book is a collection of the author's writings, previously published in the Harvard Business Review and other business journals, on leadership and emotional intelligence. The material has become essential reading for leaders, coaches and educators committed to fostering stellar management, increasing performance, and driving innovation. The collection reflects the evolution of Dr. Goleman's thinking about emotional intelligence, tracking the latest neuroscientific research on the dynamics of relationships, and the latest data on the impact emotional intelligence has on an organization's bottom-line. --

Being in the Driving Seat Jun 02 2020 Dear Reader, The book in your hand is not only going to impact your life through the 3 key life design secrets hidden in the simple-yet-profound 7 Steps ESCAPE velocity model to design the life you'd love to live but also the lives of the poorest of the poor people around you, who are neither privileged enough to grab this book nor educated enough to read the wisdom treasured in the book as

100% of author's royalty from the book's sales will be reinvested in the education of kids of the poorest of the poor to help them break the vicious circle of poverty by providing them with coaching, mentoring, guidance and support by investing one-hour free life coaching on the weekend through digital life coaching system, in response to the author's calling to make a positive difference in the lives of people, irrespective of who they are or what they do and his success in an experiment, "How to break the vicious circle of poverty through quality education". For more details, please visit: <https://navodayans-atoz-services.com> "The world you inherited was not in your control, but the world you will leave in legacy is very much in your control. So, for what you are waiting for, let's together make a positive difference in lives of yourself and others and design the world which we'd love to live in!" With love & care Ram Raj

Ik geef je de zon May 26 2022 De 13-jarige Jude en Noah zijn als tweeling onlosmakelijk met elkaar verbonden, hoe verschillend ze ook zijn. Maar drie jaar later is alles anders. Wat is er gebeurd? Vanaf ca. 15 jaar.

Driving Change Through Diversity and Globalization Oct 26 2019 This book significantly advances discussion of the mission of higher education in today's multicultural environment and global economy. It sets out the challenges and considerations that must be addressed by administrative leaders, by trustees, and others who shape the vision and direction of the institution – but most particularly by academic deans and faculty. The author makes the case that the inclusion of diversity and globalization in disciplinary work contributes to the research agendas of individual faculty and their departments, aligns with scholarly values, and promotes such student learning goals as tolerance of ambiguity and paradox, critical thinking and creativity. He offers a strategic vision of success, backed by theory and examples of effective application, for creating transformative change; and provides a roadmap to implementing inclusive pedagogical practices and curricula. With implementation dependent on leadership and participation at every level of an institution, everyone with a stake in its future should read this book.

Creativity, inc. Mar 31 2020 Creativity, Inc. is een boek voor managers die hun werknemers willen leiden naar excellentie, een handleiding voor iedereen die streeft naar originaliteit, en de allereerste, all-access reis naar het hart van Pixar Animation Studios. Het neemt je mee naar de story meetings, de postmortems en de Braintrust-sessies en laat zien hoe je een cultuur bouwt waar creativiteit ontstaat en floreert. Pixar domineert al bijna 20 jaar de animatiewereld. Films als de Toy Story-trilogie, Monsters, Inc., Finding Nemo, The Incredibles, Up en WALL-E hebben box-office records gevestigd en wonnen samen 27 Academy Awards. Het plezier in het vertellen van verhalen, de inventieve plots en de emotionele authenticiteit laten zien wat creativiteit werkelijk is. In dit boek onthult Catmull de ideeën en technieken achter het succes en de winstgevendheid. Bij Pixar is een unieke omgeving gecreëerd met processen die creativiteit beschermen en die ingaan tegen conventies: - Geef een goed idee aan een middelmatig team en ze verkloten het. Geef een middelmatig idee aan een fantastisch team en ze repareren het of verzinnen iets beters. - Als je er niet naar streeft om het onzichtbare zichtbaar te maken en het te begrijpen, dan ben je slecht voorbereid om leiding te geven. - Managers zijn er niet om risico's te vermijden. Ze moeten een omgeving creëren waar het veilig is voor anderen om risico's te nemen. - De kosten om fouten te voorkomen zijn vaak hoger dan de kosten om fouten te herstellen. - De communicatiestructuur van het bedrijf is niet gelijk aan de organisatiestructuur. Iedereen moet elkaar kunnen praten. - Ga er niet vanuit dat algemene overeenstemming leidt tot verandering – zelfs als iedereen aan boord is, kost het veel energie om een groep in beweging te krijgen.

HBR's 10 Must Reads on Emotional Intelligence (with featured article "What Makes a Leader?" by Daniel Goleman)(HBR's 10 Must Reads) Dec 21 2021 In his defining work on emotional intelligence, bestselling author Daniel Goleman found that it is twice as important as other competencies in determining outstanding leadership. If you read nothing else on emotional intelligence, read these 10 articles by experts in the field. We've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you boost your emotional skills—and your professional success. This book will inspire you to: Monitor and channel your moods and emotions Make smart, empathetic people decisions Manage conflict and regulate emotions within your team React to tough situations with resilience Better understand your strengths, weaknesses, needs, values, and goals Develop emotional agility This collection of articles includes: “What Makes a Leader” by Daniel Goleman, “Primal Leadership: The Hidden Driver of Great Performance” by Daniel Goleman, Richard Boyatzis, and Annie McKee, “Why It’s So Hard to Be Fair” by Joel Brockner, “Why Good Leaders Make Bad Decisions” by Andrew Campbell, Jo Whitehead, and Sydney Finkelstein, “Building the Emotional Intelligence of Groups” by Vanessa Urch Druskat and Steve B. Wolff, “The Price of Incivility: Lack of Respect Hurts Morale—and the Bottom Line” by Christine Porath and Christine Pearson, “How Resilience Works” by Diane Coutu, “Emotional Agility: How Effective Leaders Manage Their Negative Thoughts and Feelings” by Susan David and Christina Congleton, “Fear of Feedback” by Jay M. Jackman and Myra H. Strober, and “The Young and the Clueless” by Kerry A. Bunker, Kathy E. Kram, and Sharon Ting.

Manpower Development: Education and Training. Revised Edition Jul 04 2020

Transparency Mar 12 2021 In this brief and timely book, the authors look at what conspires against "a culture of candor" in organizations and suggest ways that leaders can achieve healthy honesty and openness.

Primal Leadership Sep 17 2021 Annotation.

The Safety of Intelligent Driver Support Systems Jul 16 2021 The development of new technologies of information and communication will, in the coming years, transform deeply their uses and practices in transport. The current developments in the field of road telematics and driver assistance systems offer a real opportunity to aid mobility and road safety. However, they also raise numerous questions about their effectiveness, possible positive and negative modifications of behaviour or attitudes and about their acceptability by drivers. Problems related to the design and evaluation of intelligent driver support systems (IDSSs) and social perspectives related to their introduction on a large scale may only be fully addressed from a multi-disciplinary point of view. People from different backgrounds, from both engineering and social sciences, should be involved in this development. This book provides such knowledge from both a human and social factors background. The Safety of Intelligent Driver Support Systems serves the training of professionals working within the transport area so that they can use this knowledge in their work. It will be of direct interest to transportation and traffic professionals, engineers, system designers, researchers and specialists working in automotive and related industries, departments of transport, and communication and public bodies related to transport in the automotive industry, public authorities, etc. Also students at Masters and PhD level, performing studies in the road transportation area, will find in this book a rich source of knowledge. Teachers and trainers, both in professional training and academic education, may use the book as a basis for giving a course on the topic addressed.

Het 80/20-principe Mar 24 2022 Nieuwe editie van ‘Het 80/20-principe’, de klassieker van Richard Koch waar wereldwijd meer dan een miljoen exemplaren van verkocht zijn. Het 80/20-principe klinkt als een aardige vuistregel, maar het is meer dan dat: het is een wetenschappelijk bewezen

principe. Richard Koch toont in dit boek aan dat het 80/20-principe voor organisaties te gebruiken is als analyse-instrument (met welke producten behalen we de hoogste winst?), en op persoonlijk vlak als denkmethode (op welke thema's moet ik focussen, wat zijn de beste oplossingen?). In beide gevallen is het resultaat: betere beslissingen, minder gedoe, meer effectiviteit. Op strategisch niveau, maar ook in je dagelijkse werk. Iedereen, van de CEO tot de professional, kan met dit boek zijn voordeel doen. Het helpt je te kiezen, te beslissen en sneller vooruit te komen. De jubileumeditie van dit standaardwerk is aangevuld met nieuwe hoofdstukken over de werking van het principe in (online) netwerken.

The Governance of Regulators Driving Performance at Mexico's National Hydrocarbons Commission Sep 25 2019 Regulators help ensure the access to and quality of public utilities, facilitate investment and protect market neutrality. Good external and internal governance of regulators is crucial to their performance. Based on a framework developed by the OECD, this study assesses the functions ...

Working with Emotional Intelligence Apr 24 2022 Do you have what it takes to succeed in your career? The secret of success is not what they taught you in school. What matters most is not IQ, not a business school degree, not even technical know-how or years of expertise. The single most important factor in job performance and advancement is emotional intelligence. Emotional intelligence is actually a set of skills that anyone can acquire, and in this practical guide, Daniel Goleman identifies them, explains their importance, and shows how they can be fostered. For leaders, emotional intelligence is almost 90 percent of what sets stars apart from the mediocre. As Goleman documents, it's the essential ingredient for reaching and staying at the top in any field, even in high-tech careers. And organizations that learn to operate in emotionally intelligent ways are the companies that will remain vital and dynamic in the competitive marketplace of today—and the future. Comprehensively researched, crisply written, and packed with fascinating case histories of triumphs, disasters, and dramatic turnarounds, *Working with Emotional Intelligence* may be the most important business book you'll ever read. Drawing on unparalleled access to business leaders around the world and studies in more than 500 organizations, Goleman documents an astonishing fact: in determining star performance in every field, emotional intelligence matters twice as much as IQ or technical expertise. Readers also discover how emotional competence can be learned. Goleman analyzes five key sets of skills and vividly shows how they determine who is hired and who is fired in the top corporations in the world. He also provides guidelines for training in the "emotionally intelligent organization," in chapters that no one, from manager to CEO, should miss. *Working with Emotional Intelligence* could prove to be the most important reference for bottom-line businesspeople in the first decades of the 21st century.

Driving Growth and Shareholder Value Nov 27 2019

Durf te leiden Jan 28 2020 Brené Brown heeft de afgelopen twintig jaar onderzoek gedaan naar de emoties en ervaringen die betekenis geven aan ons leven, en werkte de afgelopen zeven jaar nauw samen met leiders en cultuurveranderaars over de hele wereld. Ze ontdekte dat allerlei bedrijfstakken, van kleine start-ups tot Fortune 50-bedrijven, met dezelfde vraag worstelen: ‘Hoe ontwikkelen we moediger leiders en hoe verankeren we moed en durf in onze bedrijfscultuur?’ In dit nieuwe boek combineert Brené haar onderzoeksresultaten met persoonlijke verhalen en voorbeelden om deze vraag te beantwoorden. *Durf te leiden* gaat over echt leiderschap: vanuit het hart en vol moed.

Leading Global Projects Apr 12 2021 This book is a must-read for anyone responsible for projects and initiatives that span functional and geographical divides. Authors Moran and Youngdahl bring extensive experience and learning from industry practice to present a clear and straightforward treatment of the leadership skills and knowledge required to lead projects that are global in nature. They have written the first book of its kind to address the three essential skills of global project leaders - strategic project management, project leadership, and cross-cultural leadership. The authors argue that global project leadership is an essential skill in our project-based world and that we are all either intentional or accidental project leaders. Intentional project leaders pursue formal project management education and even certification whereas accidental project leaders find themselves leading global project and initiatives as a result of a special assignment or promotion. Moran and Youngdahl have found that the vast majority of global projects leaders fall into the accidental category and have written the book to be accessible to those who have not necessarily pursued formal project management education. Experienced intentional project managers can skip the single chapter on project management fundamentals to move to the more advanced chapters addressing topics such as influencing without formal authority across functional and geographical boundaries and leading global projects at the edge of crisis. • The only book that combines themes of strategic project management, project leadership and cross-cultural leadership • Rich with examples and stories to illustrate key skills and knowledge required to lead global projects

Emotional Intelligence Feb 20 2022 Based on studies in psychology and neuroscience, a report on the rational and emotional properties of the human mind explains how they shape everything from personal success to physical well-being

Digitaal minimalisme Aug 17 2021 Aandachtsexpert Cal Newport legt in ‘Digitaal minimalisme’ uit hoe je doelbewust kan omgaan met digitale overvloed. Steeds meer mensen maken zich zorgen over de invloed van de computer en met name de smartphone op onze concentratie, sociale relaties en tevredenheid. Op z'n minst zien we dat ze ons enorm veel tijd kosten – tijd die niet aan andere zaken kan worden besteed. In dit boek biedt Newport je een eenvoudige en praktische methode om je tijd online radicaal terug te brengen door je alleen nog te richten op een selecte hoeveelheid activiteiten en doelen. Niet minderen, laat staan stoppen, maar de technologie zeer doelbewust gebruiken. Newport doet dit vanuit de overtuiging dat e-mail, sociale media en andere online tools zinvolle hulpmiddelen zijn. Deze hulpmiddelen mogen ons gedrag en onze dagindeling echter niet gaan beheersen.

Emotional Intelligence May 14 2021 #1 BESTSELLER • The groundbreaking book that redefines what it means to be smart, with a new introduction by the author “A thoughtfully written, persuasive account explaining emotional intelligence and why it can be crucial.”—USA Today Everyone knows that high IQ is no guarantee of success, happiness, or virtue, but until Emotional Intelligence, we could only guess why. Daniel Goleman's brilliant report from the frontiers of psychology and neuroscience offers startling new insight into our “two minds”—the rational and the emotional—and how they together shape our destiny. Drawing on groundbreaking brain and behavioral research, Goleman shows

the factors at work when people of high IQ flounder and those of modest IQ do surprisingly well. These factors, which include self-awareness, self-discipline, and empathy, add up to a different way of being smart—and they aren't fixed at birth. Although shaped by childhood experiences, emotional intelligence can be nurtured and strengthened throughout our adulthood—with immediate benefits to our health, our relationships, and our work. The twenty-fifth-anniversary edition of Emotional Intelligence could not come at a better time—we spend so much of our time online, more and more jobs are becoming automated and digitized, and our children are picking up new technology faster than we ever imagined. With a new introduction from the author, the twenty-fifth-anniversary edition prepares readers, now more than ever, to reach their fullest potential and stand out from the pack with the help of EI.

Driving Lessons May 02 2020 With the exception of modern warfare, no other human activity has destroyed as many lives as driving a motor vehicle. Traffic crashes kill and injure thousands of Canadians every year at an incalculable financial and emotional cost to society—but rather than rush to stem this tide of human carnage, policy-makers seem to accept the ghastly toll as the price we pay for mobility. *Driving Lessons* takes a fresh look at the complexities of the road transportation system in depth, going far beyond the symptomatic, linear, reductionist approach. It challenges current traffic safety paradigms that simply blame the driver or target "villains and scapegoats" like impaired or high-risk drivers. It takes issue with road transportation system management that sometimes puts mobility ahead of the safety of road users. As one researcher notes, human beings will make mistakes, and accordingly, "the road transportation system must be designed so that people's mistakes do not have disastrous consequences."

Search inside yourself Jun 26 2022 De mindfulnesscursus *Search Inside Yourself* van Chade-Meng Tan draagt bij aan succes en geluk. Het programma verhoogt je emotionele intelligentie en verbetert de productiviteit. Meng toont hoe je beter kunt omgaan met deadlines en stress, en aandacht aan anderen en jezelf kunt geven. Een praktisch boek voor thuis en voor op je werk. Meng ontwikkelde zijn cursus voor zijn collega's bij Google. Medewerkers mogen twintig procent van hun tijd besteden aan projecten buiten hun functie, om creativiteit en innovatie te stimuleren. Ontdek nu zelf hoe je succes en geluk kunt bereiken. Als één van de eerste werknemers van Google groeide hij uit tot 'Jolly Good Fellow', de hoogst haalbare functie. Hij is met zijn team genomineerd voor de Nobelprijs voor de Vrede 2015. Meng inspireerde onder anderen Barack Obama, Lady Gaga, de Dalai Lama en Hillary Clinton.

Emotionele intelligentie (Olympus) Aug 24 2019 Een hoog IQ biedt geen garantie op een gelukkig leven; minstens even belangrijk is het EQ, het 'emotiequotiënt'. In 'Emotionele intelligentie' laat Daniel Goleman ons kennismaken met het voelende deel van ons brein, dat zorgt voor zelfbeheersing, zelfkennis, geestdrift en het vermogen eigen emoties te herkennen en onszelf te motiveren. Emotionele vaardigheden blijken niet alleen belangrijker te zijn dan rationele, ze zijn ook van doorslaggevend belang voor succes in relaties en werk en voor ons lichamelijk welbevinden. 'Emotionele intelligentie' werd in veertig talen vertaald; wereldwijd zijn er vijf miljoen exemplaren van verkocht.

Driving Your Company's Value Jan 10 2021 *Driving Your Company's Value: Strategic Benchmarking for Value* is a step-by-step book presenting a valuation-oriented methodology that helps companies maximize shareholder value. It offers clear, concise, and concrete methods for management to create and preserve value, complete with case study applications. In an easy-to-read format, it brings together the aspects of the Financial Accounting Standards Boards' new performance measurements, the balanced scorecard, and the new guidelines on fraud detection and Extensible Business Reporting Language (XBRL). * Identifies the critical decisions that most effectuate growth and value. * Covers the easy and

reliable ways to monitor value of an entity. * Demonstrates how management can apportion and allocate resources to achieve the highest value.

Guide for Teacher Preparation in Driver Education Feb 29 2020

Driving Excellence Jan 22 2022 Praise for DRIVING EXCELLENCE "A well-organized compendium of immense common sense. [The authors'] values-based, walk-the-talk approach recognizes the fast-changing environment we live in. It shows the importance of aggregating and integrating knowledge and experience on a continuing basis. Finally, it demonstrates the significance of creating a culture that reinforces those values and takes pride in thriving on the complexity." —John E. Abele, founder and Director, Boston Scientific Corporation "The Aggregate System is a powerful blend of strategic formula, exceptional culture, and human systems combined into a complete self-perpetuating system to produce exceptional performance. Anyone interested in improving the performance of his or her company should read this book." —Jerry Colangelo, CEO and Chairman, Phoenix Suns "This is not another 'silver bullet' piece of academic advice on how to do a quick fix to some imaginary business. Driving Excellence is a serious and detailed insight into how a real CEO, Steve Sanghi, has transformed a real company, Microchip, into a world-class enterprise. Anyone interested in understanding the realities of implementing and sustaining an enterprise-wide constant improvement plan should read this book." —Dean Kamen, founder and President, DEKA Research & Development Corporation, inventor of the Segway HT, National Inventors Hall of Fame inductee "Driving Excellence is the first book to deal with the integration of all the core elements that are essential to running a business. It should be required reading for all executives and venture firms looking to boost return on invested capital and add some consistency to their growth. High praise is due to Michael Jones and Steve Sanghi for developing a blueprint that works in the real world." —Ed Sperling, Editor in Chief, Electronic News "This book provides a nicely developed framework to understand organizational effectiveness and performance, drawing upon Sanghi's managerial skills, perfected in his significant turnaround performance at Microchip. Importantly, the reader benefits from insight and experience about building an organizational culture productive to performance and competitiveness." —Steven Stralser, PhD, author of MBA in a Day

Hyperfocus Aug 29 2022 In 'Hyperfocus' biedt productiviteitsexpert Chris Bailey nuttige inzichten en effectieve tactieken om onze aandacht te managen. Die is namelijk nooit eerder zo overgestimuleerd en overvraagd geweest als nu. We hebben het drukker dan ooit, maar lijken minder voor elkaar te krijgen. Tegelijkertijd voelen we ons ongemakkelijk bij verveling en een gebrek aan prikkels en afleiding. Op basis van recent neurowetenschappelijk onderzoek toont Chris Bailey aan dat ons brein twee standen heeft die je kunt activeren als je je aandacht effectief inzet: hyperfocus, de stand voor diepe concentratie, en snipperfocus, de creatieve en reflectieve stand. Door neurowetenschap, psychologie en mindfulness te combineren helpt Bailey je om elk van deze twee mentale standen optimaal te benutten. Zo krijg je meer focus in werk en leven.

Emotionele Vergelijkingen Sep 29 2022 Wiskunde maken van emoties lijkt tegenstrijdig, maar in dit boek is het inspirerend en ongelooflijk effectief. Een voorbeeld: Geluk = Plezier - Angst. Aan de hand van het persoonlijke verhaal van de auteur wordt een heldere methode gepresenteerd die zichtbaar maakt wat je wel en nétt kunt beïnvloeden. Het resultaat is dat je objectief over je emoties nadenkt, de noodzakelijke aanpassingen doet, zodat de emotionele balans wordt hersteld.
