Discourse Markers in Early Modern English Feb 20 2022 This volume provides new insights into the nature of the Early Modern English discourse markers marry, well and why through the analysis of three

corpora (A Corpus of English Dialogues, 1560-1760, the Parsed Corpus of Early English Correspondence, and the Penn-Helsinki Parsed Corpus of Early Modern English). By combining both quantitative and qualitative approaches in the study of pragmatic markers, innovative findings are reached about their distribution throughout the period 1500-1760, their attestation in different speech-related text types as well as similarities and differences in their functions. Additionally, this work engages in a sociopragmatic study, based on the sociopragmatically annotated Drama Corpus of almost a quarter of a million words, to enhance our understanding about their use by characters of different social status and gender. This volume therefore constitutes an essential piece of the puzzle in our attempt to gain a full picture of discourse marker use.

FOOD & BEVERAGE INDUSTRY: Basic Principles of Legal Regulation in Ukraine Nov 27 2019 Currently, the food industry is one of the fast growing and most competitive sectors of the Ukrainian economy. Having high expertise in the relevant field, Arzinger Law Office presents the book "Food & Beverages: Basic Principles of Legal Regulation in Ukraine" in Ukrainian, Russian, and English. The book gives a general idea about the legal field for the food industry in Ukraine as to 27.10.2014. Now Ukraine is on the cusp of fundamental changes in the food industry regulation. Due to the ratification of the EU-Ukraine Association Agreement by Ukraine on 16 September, 2014, an active harmonization of the Ukrainian legislation regulating the food industry with the EU legislation in particular areas (labelling, customs regulation, phytosanitary measures, standardization, public procurement, antimonopoly regulation etc.) or certain product classes is expected in the near future. The quality harmonization of Ukrainian laws with the European ones will eventually open up ample possibilities for diversification of product exports to the international market as well as create opportunities for Ukrainian producers' participation in the EU public procurement. The book has been written by the team of Arzinger's Food & Beverages lawyers led by Managing Partner Timur Bondaryev and Partner Lana Sinichkina. The team consists of more than 10 lawyers and patent attorneys having work experience at leading companies in alcohol industry, leading food manufacturing companies, mineral water producers, legal departments of big trading networks.
