Practical Perpetual Calendars May 14 2021 Perpetual calendars are a fascinating way to look at time, and can be defined in a variety of ways. In a comprehensive how-to manual, James Saltvold shares valuable insight on how to use his unique concepts to make practical perpetual calendars for everyday home and office use. These calendars, which save resources and look like a conventional calendar, can be set to display any month for any year within their range. They are set by simply moving a slider, and typically have a range of 50 to 100 years. Saltvold uses skills he acquired during an engineering career to present design ideas and concepts for calendars that are easy to produce and use. After providing a brief description of the four types or categories that his calendars fit into, Saltvold leads readers on an informative journey, enhanced by figures and tables. He explains how to bring calendar prototypes into mass production, describes products that can be made from the four types of perpetual calendars, details which products might be attractive to various markets and manufacturers, and shares a brief history of his own work in developing concepts and researching patents. Additional sections include material on where to search for more information on perpetual calendars, as well as references with comments. **Practical Perpetual Calendars** includes designs for desk calendars, wall calendars, pocket calendars, photo holders, and other applications. The calendars shown on the front cover are described on the following pages: wall calendar (p. 129), clock (p. 77), pocket calendar (p. 68), full-year calendar (p. 157), 7-column desk calendar (p. 145), and 13-column desk calendar (p. 120). **Department of the Interior and Related Agencies Appropriations for Fiscal Year 1970, Hearings Before ... 91-1, on H.R. 12781** May 02 2020

The Sensory Child Gets Organized Oct 31 2022 The only book that teaches the parents of “sensory” kids how to

organize and empower their children for greater success at home, at school, and in life. Silver Winner, National Parenting Publications Awards (NAPPA)—Parenting Resources Gold Honoree, Mom’s Choice Awards—Parenting—Special and Exceptional Needs Every year, tens of thousands of young children are diagnosed with disorders that make it difficult for them to absorb the external world. Parents of sensory kids—like those with sensory processing disorder, anxiety disorder, AD/HD, autism, bipolar disorder, and OCD—often feel frustrated and overwhelmed, creating stress in everyday life for the whole family. Now, with *The Sensory Child Gets Organized*, there’s help and hope. As a professional organizer and parent of a sensory child, Carolyn Dalglish knows firsthand the struggles parents face in trying to bring out the best in their rigid, anxious, or distracted children. She provides simple, effective solutions that help these kids thrive at home and in their day-to-day activities, and in this book you’ll learn how to: -Understand what makes your sensory child tick -Create harmonious spaces through sensory organizing -Use structure and routines to connect with your child -Prepare your child for social and school experiences -Make travel a successful and fun-filled journey With *The Sensory Child Gets Organized*, parents get an easy-to-follow road map to success that makes life easier—and more fun—for your entire family.

Windmills Jul 28 2022 This spirited and at times sinister novel ensnares the reader in a tangled encounter between modern-day Scandinavia and the ancient world of myth. In the 1980s, a hardworking Icelandic businesswoman and her teenage daughter Dis, who has been arrested for apparently committing a strange and senseless robbery, are unwittingly drawn into a ritual-bound world of goddesses, sacrificial priests, golden thrones, clashing crags and kings-in-waiting. It is said that Gunnloth was seduced by Odin so he could win the 'mead' of poetry from her, but is that really true, and why was Dis summoned to their world? The boundaries dissolve and the parallels between Gunnloth's circle and the strange company into which Dis's mother is drawn as she fights to clear Dis's name grow ever closer. The earth-cherishing goddess seems set on a collision course with strategic thinker Odin who has discovered that iron can be extracted from the marshes where she resides, and environmental disaster also looms in the modern context, brought into sharp focus by a shocking world event. At the same time the novel is a moving, under-the-skin portrait of a mother in crisis, cast into a maelstrom of conflicting emotions by seeing her daughter under arrest and in prison. Dis's father has refused to get involved, claiming he is too busy. Her mother is left to tussle with lawyers and fight to clear Dis's name. She goes to Copenhagen in order to be near the prison where Dis is on remand. The couple's business ambitions for a government contract will be in shreds if the prosecution accuses Dis of involvement with a terrorist group, but on the other hand, how can any mother willingly pursue the option of agreeing that her own daughter is mentally ill? Particularly when she has followed Dis into the depths of legend in her quest for the truth?

Iron Crowned Apr 12 2021 An embattled realm mystically entwined with our own, the Otherworld is at the mercy of one woman... Shaman-for-hire Eugenie Markham is the best at banishing entities trespassing in the mortal realm. But as the Thorn Land's queen, she's fast running out of ways to end the brutal war devastating her kingdom. Her only hope: the Iron Crown, a legendary object even the most powerful fear... But who can she trust to help her? Fairy king Dorian has his own agenda. And Kiyu, her shape-shifter ex-boyfriend, has every reason to betray her. To control the Crown's all-consuming powers, Eugenie must confront an unimaginable temptation - one which puts her

soul and the fate of two worlds in mortal danger...

Echoes of the Flute Jun 22 2019 A love between two very different men is put to the test. John Strobaw, a young mixed-blood, grows up in the relative security of a family farm after the Civil War. His mother raises her family as Americans, but his foster brother, Matthew Brandt feels his red blood more keenly and leaves to ride with Crazy Horse. John doesn't understand the longing he feels for his absent companion until he has his first sexual experience with a man and he only thinks of Matthew. After the murder of Crazy Horse, Matthew makes his way back home. John fights hard against a growing lust for Matthew, but when he ultimately succumbs, he is lost to this handsome, dusky warrior. Just when the future looks bright, another suitor appears -- a handsome Cheyenne army scout, and trouble looms on the horizon.

The Creosote Spider Mar 12 2021 Blood-stained highways weave through the tapestry of a changing world. Water swallows entire towns while the forests take back the land. The human population of earth has diminished to levels unknown. Everything is eerily quiet, so silent that even the faintest snapping of a twig in the distance arouses suspicion. Abandoned vehicles, shuttered houses, and emptied rail cars all offer temporary refuge from the elements of nature but provide no guarantee against the forces of others who may still be lingering... And so Mead, a young man left alone to face a cruel and uncertain future; armed with a 9mm, backpack, and his own distinct code, searches for meaning beyond mere survival. What he discovers on his perilous journey asks as many questions as it answers.

Guerrilla USA Jun 26 2022 "We are cozy cuddly/armed and dangerous/and we will/raze the fucking prisons/to the ground." In an attempt to deliver on this promise, the George Jackson Brigade launched a violent three-year campaign in the mid-seventies against corporate and state institutions in the Pacific Northwest. This campaign, conceived by a group of blacks and whites, both straight and gay, claimed fourteen bombings, as many bank robberies, and a jailbreak. Drawing on extensive interviews with surviving members of the George Jackson Brigade, *Guerrilla USA: The George Jackson Brigade and the Anti-Capitalist Underground of the 1970s* is an intimate portrait of a group of anarcho-communist revolutionaries that widens into a broader story of the prisons that produced them and of the city dwellers who responded to their combusive rage. Providing an inside-out perspective on the social movements of the 1970s, this explosive book reveals the whole era in a new and more complex light. A fast-paced tale of love, death, and revolution, it is also a compelling exploration of the true nature of crime and a provocative meditation on the tension between self-restraint and anger in the process of social change.
