Culture and Political Economy in Western Sicily May 24 2022 Culture and Political Economy in Western Sicily presents the relationship between the early colonial period, a time when Sicily exported wheat and animal products, and a later neocolonial period, during which manpower is the principal energy loss. The book discusses the rise and development of the Mafia; cultural codes that are important to contemporary social Sicilian organization; and the origins of these codes in early adaptations of the Sicilian people to externally generated political and economic forces. The text will be of value to sociologists, economists, historians, and people who want a deeper understanding of the Mafia.

Muslims and Christians in Norman Sicily Jun 25 2022 The social and linguistic history of medieval Sicily is both intriguing and complex. Before the Muslim invasion of 827, the islanders spoke dialects of either Greek or Latin or both. On the arrival of the Normans around 1060 Arabic was the dominant language, but by 1250 Sicily was an almost exclusively Christian island, with Romance dialects in evidence everywhere. Of particular importance to the development of Sicily was the formative period of Norman rule (1061 1194), when most of the key transitions from an Arabic-speaking Muslim island to a 'Latin'-speaking Christian one were made. This work sets out the evidence for those changes and provides an authoritative approach that re-defines the conventional thinking on the subject.

Conversations In Sicily Apr 23 2022 Vividly capturing the heat, sounds and smells of southern Italy, Conversations in Sicily astounds with its modernity, lyricism and originality. Driven by a sense of total disconnection, the narrator embarks on a journey from northern Italy to Sicily, the home he has not seen in some fifteen years. Through the conversations of the islanders and a reunion with his mother, he gradually begins to

feel reconnected. But to what kind of world? Written during Mussolini's time in power, *Conversations in Sicily* is one of the great novels of anti-fascism.

The Jews in Sicily, Volume 6 (1458-1477) Sep 16 2021 This volume in the series "Documentary History of the Jews in Italy" illustrates the history of the Jews in Sicily from 1458 to 1477. It is the sequel to the first five volumes and covers the events during the rule of King John. Although John continued the policies of his father Alphonso towards the Jews of the island, there is a distinct deterioration in their position during his times. After years of incitement by the members of the Mendicant Orders, anti-Jewish riots broke out in various parts of the Sicily. The worst of them was the massacre in Modica in 1474. During that period the Jewish minority of Sicily continued to flourish economically and socially. Nearly a thousand documents, many of them published here for the first time, record the fortunes of the Jews and their relationships with the authorities and their Christian neighbours. Much new information has come to light, and many facets of Jewish life in Sicily have been uncovered. The abundance of historical records in the archives of the Crown and of local authorities compares favourably with the relative scarcity of surviving documentation in earlier centuries. Therefore, again, many documents had to be reported in summary form. The volume is provided with additional bibliography and indexes, while the introduction has been relegated to the end of the series on the Jews of the island.

When Archaeology Meets Communities: Impacting Interactions in Sicily over Two Eras (Messina, 1861-1918) Aug 27 2022 *When Archaeology Meets Communities* examines the history of nineteenth-century Sicilian archaeology through the archival documentation for the excavations at Tindari, Lipari and nearby minor sites in the Messina province, from Italy's Unification to the end of the First World War (1861-1918).

Le "licentiae populandi" in Sicilia nel secolo XVII Dec 19 2021

Knights and Castles Dec 07 2020 Title first published in 2003. Much has been written about the problems minorities encounter in Western European and North American cities. This insightful volume acknowledges the deep-rooted nature of inequalities and discrimination, but seeks ways of ameliorating and eradicating them from positive stories of minority involvement in regeneration.

The Jews in Sicily, Volume 18 Under the Rule of Aragon and Spain Sep 28 2022 This volume documents the history of the Jews in Sicily based on notarial and court records. It illustrates the economic, social, and religious history of the Jewish minority and the relations with the Christian majority. The volume is provided with additional bibliography and indexes while the introduction will appear at the end of the series.

Revolution and Society in Greek Sicily and Southern Italy Nov 18 2021 The analysis of a Greek political phenomenon within the confines of the so-called colonial city-states of Sicily and Southern Italy is the theme of the present book. On the basis of detailed case-studies covering the revolutions in cities like Croton, Cumae, Acragas and Syracuse, the following subjects are dealt with: social stratification and political institutions, the massive presence of foreigners and non-Greeks within the borders of the polis, the role of mercenaries in the local armies and in city life. An apart chapter is dedicated to the technique of the coup d'état, showing how it was determined by the peculiarities of the Greek city-state.
